

About

Little by Little, a little becomes A LOT!

Durga Puja/Navratri is a time of celebration across the country. It celebrates the victory of the goddess Durga over the demon king Mahishasura. It is a merry fest and social event where people indulge in new clothes, pandal hopping and good food. But as many are celebrating, there are a few who are still wishing and waiting for the good to prevail over the evils of the world: the major one being hunger.

In 2022, Deestha Foundation started the Project Dashabhuja "She who has ten arms" to contribute in the vast sprawling work of Devi.

2022

On the day of Mahalaya, which marks the beginning of Debipaksha, we went out on to the roads of Kolkata to feed those who are below poverty lines. And consequently, the entire arrangement of cooking and packing was done by a family who is also underprivileged.

2023

In 2023, considering the growing rates of dengue and malaria, we came back as protectors and distributed mosquito nets to the underprivileged people. After all, Durga Maa is the bearer of weapon against difficulties. She is Sharanya.

We hope through this small gesture we could become someone who made someone else look forward to tomorrow.

In 2024, following the heinous event in Kolkata, we decided to distribute sarees to women residing on the streets of Kolkata. Because this war is not for an isolated event. It is about all of us; it is about our respect! This year through our Project, Dashabhuja is coming in the form of Abhaya, taking in the role of Krishna, and protecting the honor of women.
